- Mature Entry Route: Candidate required to be 21 years or older, having two or more years relevant work experience as well as General Certificate of Education (GCE) Ordinary Level (or equivalent High School qualification) Maths and English.

### **XVIII. Aims**

The aim of this programme is provide an extensive background and understanding of the oil and gas industry and the practical skills and knowledge required to operate in the industry.

## **XIX. Course Content**

Some of the units to be delivered include:

- KOPT 110 – Oil and Gas Principles
- KOPT 120 - Process Operations Fundamentals
- KOPT 130 - Workplace Communication, Behaviour and Relationships
- KOPT 140 – Emergency Response Procedures
- KOPT 150 – Roles and Responsibilities
- KOPT 210 – Safe Systems to Work
- KOPT 220 – Safe isolation and Reinstatement Operations
- KOPT 230 – Maintain Steady State conditions in Operations

## **XX. Instructional Techniques**

The instructional techniques include: video presentations and case studies, review exercise, field trips, instructor and student-led discussions, lectures, question and answer sessions, worksheet exercise and simulated production/operation activities.
